

SEPTEMBER 17, 2026

32ND ANNUAL

Golf Tournament

GMR FOUNDATION FOR
RESEARCH AND EDUCATION

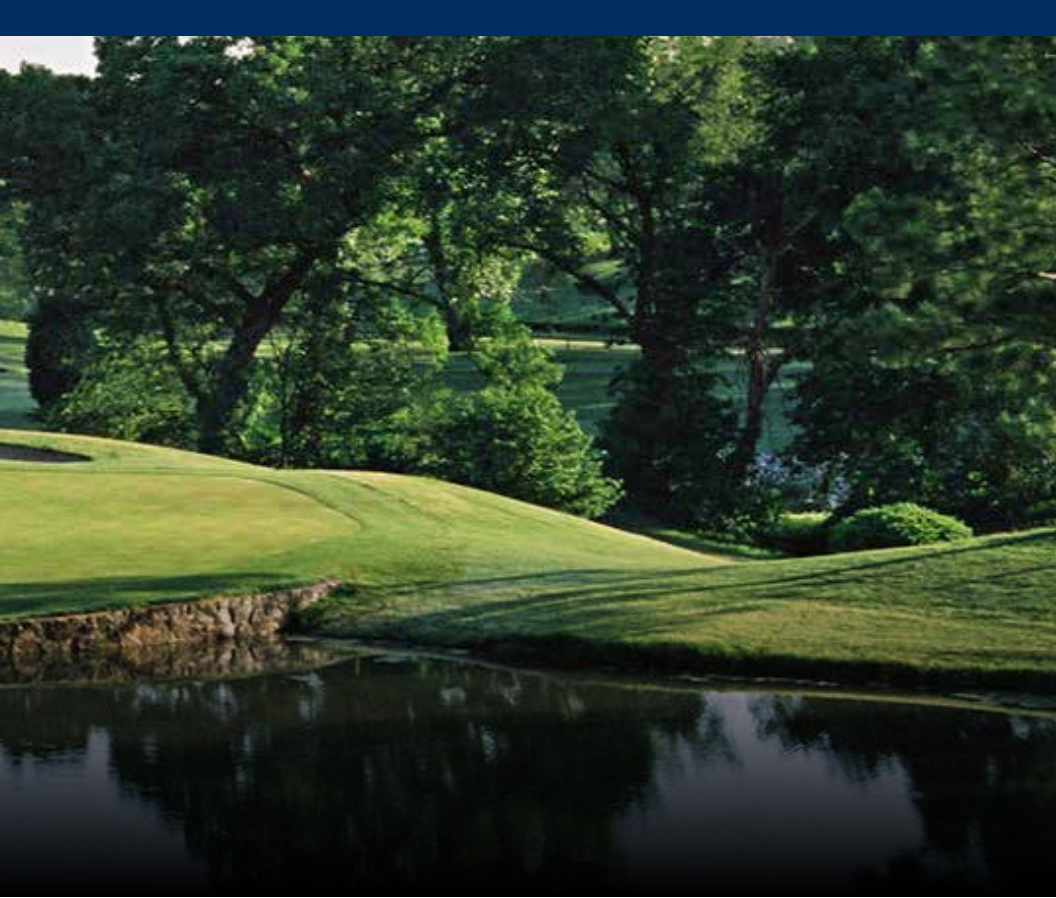

Thank you for attending the 32nd Annual GMR Foundation for Research and Education Golf Tournament.

By participating, you help to further our mission to support clinical, education and health systems research designed to improve the care and safety of patients in the out-of-hospital setting. The GMR Foundation supports research and educational activities within clinical practices, and promotes initiatives focused on improving patient care and projects which contribute directly or indirectly to the health and well-being of communities.

The Golf Tournament began 32 years ago with the goal of generating funds and in-kind donations, enabling paramedic training programs to acquire expensive, state-of-the-art medical technology. Now, the golf tournament has become an integral part of the GMR Foundation for Research and Education. Because of your generous support last year, we were able to provide grants, funding and scholarships to a number of organizations and individuals.

GOLF TOURNAMENT FUNDRAISER

\$43,000 IN RESEARCH FUNDING:

Expanded continuing education and professional development opportunities for paramedics, supported research training through UCLA's Pre-Hospital Care Research Forum and funded research grants for EMS Medical Directors.

\$35,000 IN PROFESSIONAL DEVELOPMENT SCHOLARSHIPS:

Supported first-time attendee EMS professionals in attending the NAEMSP Annual Meeting, providing access to education, peer networking and engagement with leading clinicians, educators, speakers and industry experts.

Your continued support of the GMR Foundation for Research and Education makes funding initiatives like these a reality.

Thank you for supporting the GMR Foundation for Research and Education.

TOURNAMENT PRODUCTION

Amy McKenney
GMR Foundation for Research and Education Executive Director

THANK YOU TO OUR VOLUNTEERS

*We welcome our guest charities who will
be raising money on the course*

Established by President Abraham Lincoln in 1861, the Medal of Honor is our nation's highest recognition of valor in combat.

Earned through every major conflict in our nation's history since the Civil War, the Medal of Honor commemorates those who were willing to risk their lives to protect and serve our country and the ideals we hold most dear.

The National Medal of Honor Museum Foundation is dedicated to sharing the stories and values of these incredible heroes - and to inspire America to build upon their legacies.

Adaptive Training Foundation provides access and inclusion to individuals living with physical or traumatic impairments by empowering them through exercise and community.

Adaptive Training Foundation is committed to keeping its services to adaptive athletes 100% free of charge, and relies on the generosity of others to not only restore lives, but empower them through movement.

The Brooke Hester Hustle is an annual 5K and 1 mile fun run in the Dallas/Fort Worth area of Texas benefitting Brooke's Blossoming Hope for Childhood Cancer Foundation, a 501(c) 3 charity to benefit pediatric cancer patients and research.

Childhood cancer is the #1 disease killer of children and yet research remains grossly underfunded - we're here to do something about it!
